

## Digital Canvas Initiative iPad Agreement 2014-2015

The Digital Canvas Initiative is designed to support the first-year Foundation and Liberal Arts curriculum as it develops critical skills in project-based collaboration with the instructor and the class. The initiative is designed to complement our intensive Foundation coursework in color, design, and composition. This project-based environment utilizes enhanced technology to expand the classroom experience. To enable this, first-year Foundation students will be given an Apple iPad.

All students that entered as first year and second year transfers have been issued an iPad. They are expected to keep this iPad, providing they have successfully completed the fall semester. If a student leaves CIA prior to completion of their first semester, then they must either return the iPad to Information Technology, or pay a \$600 fee as part of their final bill to CIA. The iPad will be used throughout the four years of the curriculum. CIA will not provide a second iPad to a student, should they discard or otherwise lose their iPad.

Students are responsible for all costs to repair or replace their iPad. CIA has included 2 years of AppleCare + for each iPad. The first-year student 2 yr. plans started July 2014. Second-year transfer student plans started July 2013. Apple Care details can be found on the Apple web site at <http://www.apple.com/support/products/ipad.html>.

The iPad is being provided to you free of charge as result of, and in connection with, your enrollment as a first-year Foundation or second-year transfer student. **If you withdraw from CIA before this semester's Final Course Withdrawal Date**, you are required to return the iPad along with the charger and cable to the Information Technology office location in JMC Room 119A.

**(Place label containing student name and iPad serial number here)**

Your signature below indicates that you have read this policy, and have had your questions answered. **You will not be issued an iPad without signing this document.**
